about the Profile:

The Profile is published every two months. Club members are encouraged to submit BMW and/or club related articles and photos for publication. General articles should typically be under 350 words but longer features are welcome space permitting. All photos must be submitted at their highest available resolution. Submission deadlines are always the first Friday of the month prior to the newsletter issue (i.e. deadline is in May for the June/July issue). Send all submissions or questions to the copy collection editor. For information on advertising in *the Profile*, contact the newsletter advertising manager.

Spring Time Is the Best Time

by: Roland Beale, secretary

As I sit and write this it is cold, blustery and still almost two feet of snow are on the ground. But by the time this story reaches your mailbox we will be knocking on the door of spring, and we all know what that means "It's Fun Time".

DEC has events lined up like Advanced Driver Safety Skills schools and High Performance Driving schools to try out all those newly acquired performance parts and the SEC will have plenty of gatherings like trips to maple houses, baseball games and rallies to drive and socialize at. I say

Spring time is the best time. Here comes the 2011 driving season!

For all the Hibernating Bimmer's it's time to peel back the car covers and check those battery minders. Time to top off the fluids, air up the tires, dust the interiors and maybe give a fresh coat of polish and wax. Then, the all important shake down drive to make sure everything made it through the winter ok.

For all the year-round Bimmers, You know who you are, all you xis, x3s and x5s. It's time wash off all the salt, slush and crud that mother nature and the local DOT has thrown at you for the last five months. And you also deserve a nice new coat of the shinny stuff too.

However your Bimmer spent the winter its a good time to make sure its in good working order for the rapidly approaching fun season. We have plenty of sponsors and advertisers to help you with your parts and service needs; from Bavarian Autosport for parts to 3D Auto Works, Kensington Autoworks and VSR for service. And don't forget your local dealerships like BMW of Stratham that can help with both. For all you track and performance people, spring time is also a great time for those much wanted performance upgrades you've been craving. Intake... Exhaust... Suspension kits... Oh my!

Now that your ride is all clean, repaired and tuned up you need a place to drive it to. Well we have you covered there too! The WMC's committees are hard at work setting up events and gatherings for all to attend. The

we give all those on both committees a big round of applause for all their great work!

So let's rev up the engines, buckle in and go out and have some FUN!

See you out on the roads...

Well, it's about time!

by: Michael Morin

I am officially sick of cold seats and ice dams. Spring is here and it couldn't have been soon enough. I am sure you agree. If you don't you need to see a doctor. I love the snow as much as the next person but really I don't want to be on the roof again trying to get ice dams to melt.

Since we talked last time, we've had an open house and tech session with 3D Auto Works' Dan and David Maynard. We also had a meet & greet at Parker's Maple Barn in Mason. Were you there? If you weren't with us, you missed great opportunities to get your car questions answered and your fill of fresh maple syrup. Keep up-to-date with us so you don't forget our upcoming driving schools and especially our Tire Rack Street Survival® school program. We've got Twitter, Facebook, RSS feeds and our website: www.whitemtn-bmwclub.org. We'll have more news on the latter very soon.

One way our membership hears about events and offers by our sponsors and advertisers or even BMW CCA is by word of mouth. How have you contributed to the well-being of the organization? Have you referred someone lately to BMW CCA? We do provide rewards, you know. Membership is worth more now than ever in a slow economy considering our meetings come with free food! Come to a meeting four or five times and your membership will pay for itself!

We, the staff of the White Mountain Chapter BMW CCA, deeply appreciate your involvement and support over the months and years. Join us for the ride, your membership value is what you make of it. Make it good!

Can't wait for the Mini dealership in NH,

Michael

Wookcock. Big thanks to John Erdody for referring Alex for this issue!

Alex joined the club when he bought his first BMW: a 2800cs. That was in 1990. Now he has a few more in his collection. Yeah, that happens sometimes when you're a true enthusiast. He remembers that it was the thing to do when you bought a Bimmer: you joined the BMW CCA. His all-time favorite model is a pre-war 328 but any mille miglia cars or sports coupes get him fired. When he isn't participating in club events he can usually be found at his shop (AVA Restoration Services) in Dublin, NH. He likes to work on all the oddballs. He also likes to hunt down and stalk the American

Don't Let Gas Prices Break Your Bank Try a Bottle of 503 in the Tank!

by: Kay Evans

"Holy high gas prices!
I can't afford to fill the Batmobile!"

Is it just me or are gas prices taking off again? I usually do not look at gas prices on a regular basis. When the light comes on in my car, I get gas. Yes, I am a creature of habit. You flash something in front of me, I react.

But when did gas get over \$3.50 a gallon? Didn't we just do this two years ago when prices reached an all time high? Are we going back to prices over \$5.00 a gallon? Does it really matter what type of gas I put in my car?

I, like most of you, have a favorite local gas station. It is convenient. I like to pull in, swipe my card, reach for the handle and fill my car. (The cute guy behind the counter, the lattes and lottery tickets add just a bit more to my reasoning). There are times however, when I am across town and just pull into a random station. Am I getting "bad" gas when I stop at a non-branded convenient store or from a lesser known brand name? Do I always need to go to a Shell or Mobile gas station?

**Do something special
for your car...
improve fuel mileage
up to 25%!**

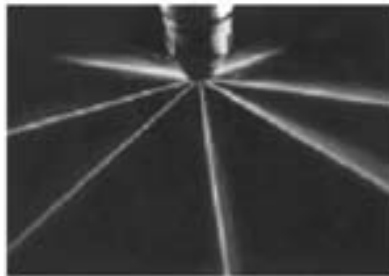

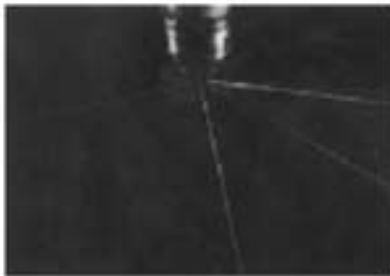

Sometimes I wonder, does it really matter if I get regular, mid-grade or premium gas? Do I really want to pay extra for 92, 96 or 98 octane - especially now. Should I get a better gas in the winter when it is cold or in the summer when it is hot?

Have I gotten caught up in all the advertisements and flash that leads me to believe that my precious car needs the highest octane gasoline available? The simple answer is yes. With all high performance vehicles, we need and they deserve a higher octane "premium" gasoline. You may not hear the ping

or knock in your engine and may question why pay for something that you don't need, but believe me just like a woman can not have enough diamonds, your car needs the best you can give it.

Not to get too technical, but when the engine piston is on the upstroke there is a pre-detonation of fuel. This pre-detonation can cause internal damage to your car. When you use a high octane fuel, you lower your chances of this occurring. Simply it is an extension of your insurance policy. Keep your car healthy.

Premium fuel often comes with a premium price. So, what can you do to get the most out of your fuel costs? Gas additives and octane boosters are a big business. I personally recommend the SWEPCO 503 gas and diesel fuel improver.

Fuel treated with SWEPCO 503 burns more cleanly. On the left is an injector spray pattern from a plugged injector running on untreated fuel. On the right is the spray pattern from an injector running on fuel treated with SWEPCO 503. Better atomization of fuel means more efficient combustion, more power and less smoke.

Kay Evans Your SWEPCO Rep

Kay is a representative of SWEPCO and can be reached at 303-859-5566 or kay@renden.com. She offers SWEPCO products through Great-Lube.com. As a White Mountain Chapter member, you can receive discounts if you use the promotion code CCC. If you have any questions, call Kay; she'd be happy to talk with you.

My mechanic tells me that by using this product my fuel injectors, pumps and o-rings are wearing less and deteriorating slower. He likes it because there is less carbon deposits in the fuel system and cylinders, leaving less residue. I like it because I replace my fuel filters less often and feel like I am doing something special for my car - like that mani-pedi that I get for myself. I really don't think about it too much. Before I fill up with gas, I add a 12 oz bottle, I keep in my trunk, to my tank.

Sometimes people ask what I am doing and I tell that I am keeping my fuel system clean, trying to increase my fuel economy and ultimately reduce my overall maintenance costs. It is easy and effective. If I can improve my fuel mileage up to 25% with an additive, why not?

I've tried to swap a bottle of the 503 for a latte but so far the cutie behind the counter has not taken me up on it. His only comment is "Cool Car, Mama".

Winter Reunion 2011 Fun Evening with Friends and the New Hampshire Food Bank

text by: Cassandra Vorisek-Creto, social events committee chair

photos by: Paul Michali

Many club members joined us on the chilly Saturday evening in January for the annual Winter Reunion. As in past years, the event had a charitable twist to it. This year, the designated charity was the New Hampshire Food Bank. Not only did the Ambassador for the Food Bank need to make three trips to his car with all of the non-perishable food items donated, the club donated \$500 to the organization as well. The Food Bank was very grateful for the kindness and generosity shown to them by the club and its members.

This year, the Social Events Committee chose the Concord location of the Common Man Restaurant as the destination for the evening. The room was cozy and offered the ability for everyone to mingle and chat with one another. In addition, we were entertained by a jazz duo who played throughout the evening. Accolades and praise were given throughout the evening for the food, music and the overall friendliness of the event.

On the topic of food, The Common Man did not let us down. From great crudités and cheese displays to the many delicious passed hors d'œuvres, there was plenty for everyone - and that was even before the wonderful buffet dinner! Dinner included a roast turkey carving station, three entree choices, salads, vegetables, rolls and more.

The silent auction has become a staple at the Winter Reunion, and the club would like to thank the many donors who provided items. They are:

- BMW of Stratham
- 3-D Auto Works
- Deb Maynard / Lia Sophia
- Tanya Maynard / Scentsy
- Great American Dining
- Michael Morin and Dana Sion
- Nicole Caravan / Tastefully Simple
- BMW CCA
- Bavarian Auto
- White Mountain Chapter BMW CCA
- Advanced Hair Etc.

Mark Viola, our chapter president, and myself spoke to the group briefly between courses. Informing everyone of recent club news, election results and how grateful the Food Bank was for everyone's generosity. Not to mention having fun with a raffle. Prizes included two BMW CCA grill

badges, BMW CCA golf umbrellas and BMW baseball caps and knit caps. The baseball and knit caps were kindly donated by BMW of Stratham.

No thank you can be complete without truly expressing appreciation and gratitude to the event's 5-Series Sponsor, 3-D Auto Works. 3-D has supported the Winter Reunion for the past four years and the club's events for many years. It

was wonderful to have the whole Maynard clan with us that evening. Yes, three generations of Maynards were in attendance, and all made the evening special!

Nothing could have made the evening more special than one guest in particular. This guest and her father have been a part of the club for many years. Their support of

the club through event attendance, chairing committees, instructing and even serving on the Board have endeared them to us. So much so, when the family was in need to due a tragedy, the club pulled together and helped raise funds for them. Who is this special guest? Kelley Goddu! Kelley and her family joined us for the evening. She thanked us for our support and help for her and her family. If you are interested in her story and helping out your-

self, visit the chapter's website (www.whitemtn-bmwclub.org) and click on Kelley's Cause.

And, lastly but certainly not least, the event could not have happened without the tireless work of the Social Events Committee. They worked hard to make sure all was in place and the evening seamless. I would like to take this time to thank each of them: David Harrison, Rachelle Harrison, Wayne Peterson, Dana Sion, Michael Morin, Paul Michali, Tracy Wolf, Walt Wolf and Tom Blinn.

Keep posted for details about the 2012 Winter Reunion which is already well underway in being planned.

Social Events Committee ...it's where it all happens

Have interest in being a part of the the making of the Winter Reunion tradition or any other SEC event?

Join the SEC every last Monday of the month in Windham at The Common Man around 6:30pm. Come and enjoy dinner, make new friends and be a part of a great committee!

WMC's Recent Open House Attracted Members - New and Old

by: Cassandra Vorisek-Creto, social events committee chair

On March 2nd, the club hosted its first ever Open House at The Common Man in Windham. Light dinner and dessert were offered as well as great conversation with many club members. The highlight of the evening was the appearance of the three guest speakers from 3-D Auto Works: Dave Maynard, Dan Maynard and Haleem Mediouni. The 3-D Team answered questions from the group varying from side mirror issues to engine and oil concerns. Along with many laughs, a superb flow of information was provided, the evening ended with many new friends being made and some old friends catching up.

The club hopes to sponsor more Open Houses to attract members - new and old - to learn more about the club in a fun and unimposing atmosphere. As always, if you are interested in being more involved - either by attending events or joining a committee - check out

the club's web-site (www.whitemtn-bmwclub.org)!

The SEC is busy planning more fun events for 2011 including Fisher Cats Baseball Game, Simon Pearce fall road trip, Isle of Shoals and more. Keep posted for details!

As always, we are looking for anyone who is interested in either sponsoring or donating to the annual Winter Reunion. If you are interested, please contact the SEC chair, Cassandra Vorisek-Creto.

The White Mountain Chapter Logo Our "Brand" Through the Years

by: Michael Morin, membership chair

As you may know by now, as of earlier this year, our chapter logo has been updated once more as required by BMW AG's International Council of BMW Clubs. Our chapter logo has come a long way over the years. Here's a snap shot of our past logos. Happy Reminiscing! Unfortunately, black and white printing does them no justice. -ed.

The WMC's Hot New Website A Bumper to Bumper Rebuild

by: Paul Michali, webmaster

If you have internet access, you may have noticed that starting in March, the White Mountain Chapter has a new web site look (<http://www.whitemtn-bmwclub.org>). The changes were done for several reasons.

First, BMW AG has required that all BMW car clubs revise their logos to meet the new standards they have adopted. This moved us to revise the site, as the new standards require a "landscape" oriented logo, whereas our existing logo was a "portrait" (shield style) logo, and it would be hard to just drop in a new logo at the same place as the old logo.

Second, we saw this as an opportunity to give the site a new look, as the existing design has been in place for over five years (with minor tweaks along the way). Our goals were to improve the navigation, so that you can get to pages of interest faster, and to provide a "cleaner" look to the site. The previous site, although attractive with lots of graphics, was pretty wordy and the pages loaded slower.

Hopefully, you'll like the large main navigation across the top of the page, with a "local" navigation on the left side. We tried to put upcoming event information at the top of event pages, and we show the next two upcoming events on the home page.

Of course, we tossed in a bit of eye candy, with Web 2.0 style icons. Over the next few months, we'll continue to revise and improve the site, as time permits.

We hope you like the new look, and welcome any constructive criticism you have about the site. Just send e-mail to web.master@whitemtn-bmwclub.org to contact the web team.

We're Going Places in 2011 Come Along for the Drive!

by: Frank Patek, BMW CCA executive director

No matter where you live, or which of our 67 chapters is your home base, the BMW Car Club of America has a wealth of activities planned for enthusiasts coast-to-coast in 2011. From the South Atlantic Region to Monterey, from Pittsburgh to our Oktoberfest celebration in Alabama, our members have a lot of great driving to do this summer!

May 27-28

The Vintage in Winston-Salem, NC

Historic Old Salem Village in Winston-Salem, North Carolina, is a picturesque setting offering a unique, intimate feeling. Where else you can walk tree-lined streets and view two or three hundred classic BMWs?! In late May, the Vintage, sponsored by the BMW CCA, will again draw classic-BMW fans and owners to the celebration that has grown from a modest display of BMW 2002s to an impressive array of all sorts of BMW icons.

The host hotel is the Hawthorn Inn in Winston-Salem. Friday features a TSD rally and a meet-and-greet at Flow BMW. Saturday's display along the historic streets of Old Salem Village should be our best ever! For more information—and a link to registration—please visit www.atthevintage.com or send inquiries directly to Festmeister Scott Sturdy, scottsturdy@yahoo.com. Registration is \$10 per car.

June 9-12

Couples' Performance Driving School, Greenville, SC

This co-ed trip is perfect for singles or couples to come experience the BMW Performance Center near Greenville. We will offer a full day of car-control school and performance-driving lessons at the Center, as well as relaxing drives through the foothills of the Blue Ridge Mountains to experience the joy of driving. We will have two special group dinners in Greenville, as well as other social opportunities to explore the beauty of South Carolina in Performance Center BMWs. For those who have always wanted to try the school, and meet other Bimmerphiles, this is the perfect trip!

For additional information, please contact Jackie Bechek at jbbechek@aol.com.

July 10-24

Pittsburgh Vintage Grand Prix

You won't want to miss the annual BMW gathering at the Pittsburgh Vintage Grand Prix. The PVGP is sponsored by Liberty Mutual Insurance, Sonax, BMW of Pittsburgh, and the BMW CCA. The Allegheny Chapter has laid out a host of activities across two weekends. Activities begin on July 16-17 at BeaveRun Race track. There will be a multi-marque German car corral overlooking the front straight at BeaveRun with catered lunch, beverages, and corral parking. The featured races include a BMW Club race and vintage racing sanctioned by VRG.

The highlight of our Schenley Park weekend will be a celebration of the tenth anniversary of 5er Fest. In cooperation with the mye28.com special-interest group, we extend a special welcome to all 5 Series owners. In addition to special prizes and events, 5er Fest attendees are eligible for a parade lap during race-day opening ceremonies.

The Schenley Park weekend begins on Thursday, July 21, with a driving school offered by BeaveRun Motorsports Complex. The next day, winding roads north of the Steel City will be the venue of our driving tour through southwestern Pennsylvania. Destination: Casa Narcisi Winery for lunch.

Friday evening features the Allegheny Chapter's welcome reception at the Radisson Greentree. On Saturday and Sunday, at historic Schenley Park, there will be a BMW pavilion and corral overlooking Turn Thirteen—one of the most desirable vantage points. After an absence last year, BMW 2002s will once again return to the track.

For online registration or simply to find more information, visit the BMW page at www.pvgrp.org.

July 15-17

Vintage at Saratoga 2011

The Patroon Chapter will celebrate all vintage BMWs at the Saratoga Automobile Museum on Friday, July 15 – Sunday, July 17, 2011. Vintage at Saratoga is a gathering of E23s, E24s, E30s, and all other BMWs built prior to 1988. Last year's event drew nearly 60 classic BMW cars and motorcycles -- which will feature the cars of Oscar Davis.

The chapter is also planning activities on Saturday for those who want to experience Saratoga in the summer. Registration includes a complimentary Meet and Greet buffet at the Parting Glass Restaurant on Saturday night.

Portions of the proceeds go to the BMW CCA Foundation to support the Tire Rack Street Survival program and to the Double H Hole in the Woods Ranch. The Double H Ranch was co-founded by Charles R. Wood and Paul Newman. For further information please visit www.saratogaautomuseum.org. Kick off the Monterey Festorics Weekend with CCA Wine Tours!

Carmel Valley/Monterey Wine-Tasting Tour

Ag Venture Tours will be offering a full-day wine tasting tour, featuring motorcoach accommodations to three excellent wineries in the beautiful Carmel Valley and Monterey areas. The tour will start with a visit to Chateau Julien Wine Estate for a private tour, walk, and wine-tasting. We will then visit the tasting rooms of Ventana Vineyards and Heller Estate to taste their premium wines. Lunch will be at Tarpy's Roadhouse Restaurant. As we drive through the area, your expert guide will discuss the Monterey County wine industry; we will observe beautiful scenery and discuss local points of interest.

August 19-21

BMWCCA Festorics meets Rolex Monterey Motorsports Reunion

Also sponsored by Liberty Mutual Insurance, Sonax, and the BMW CCA, the annual BMW Festorics at the Monterey historic races—now called the Rolex Monterey Motorsports Reunion—celebrates the mystique of BMW and our appreciation for the marque. Set for August 19-21, the Festorics features a two-day parking corral with hospitality tents overlooking Laguna Seca's Turn Five. The Festorics package includes the opportunity to buy corral tickets, lunch tickets, a special BMW banquet ticket, and event tickets to the Reunion races themselves—all from one convenient source! But the corral at the track is only one attraction. Don't miss the BMW CCA banquet at the Rancho Cañada Country Club in Carmel Valley. Registration begins April 4, 2011!
